

# MD. FAHIM KHAN

BS IN MICROBIOLOGY

## ABOUT

Microbiology graduate with research experience in environmental microbiology laboratory. Skilled in performing biochemical and molecular tests and basic microbiological techniques. Looking for an opportunity to build a professional career as a microbiologist.

## LABORATORY SKILLS

PCR  
ELISA  
DNA Extraction  
Plasmid Extraction  
Biochemical Test  
Antibiogram

## PERSONAL SKILLS

Public Speaker  
Solo Acting  
Basic Python for Bioinformatics  
Creative writing  
Microsoft Excel

## WORK EXPERIENCE

### FEATURE WRITER

Roar Bangla | June 2017 - Present

- Published 122 articles about various topics
- Written 12 video scripts.
- Contributor for Roar Bangla Covid-19 live update

## EDUCATION

### BACHELOR OF SCIENCE (MICROBIOLOGY)

University of Dhaka | 2016 - 2020  
CGPA 3.88

## LABORATORY PROJECT

IDENTIFICATION AND CHARACTERIZATION OF MICROORGANISMS FROM CANCER PATIENT BLOOD SAMPLE

### Workflow:

- Biochemical analysis
- Sample subculture from stock
- Isolation of bacteria using selective plating method
- Antibiotic sensitivity test
- Molecular identification (DNA extraction, PCR, agarose gel electrophoresis, measuring DNA concentration, DNA sequencing, sequence analysis)
